

360° Total View

ONE SYSTEM
360° VIEW
ZERO BLINDESPOT

KOHLTECH

Solution based technology for every build

WHY USE TOTAL VIEW?

Due to their size and length, trucks have larger blind spots than the average car, which means operators may not be able to see vehicles and pedestrians in these blind spots. KOHLTECH offers a solution to this problem with the Total View 360 camera system. Remove the blind spot, remove the risk and increase operational safety

360° TOTAL VIEW | BY KOHLTECH

360° Seamless video • 3D and 2D Switchable Views • Video Recording • FCW
